THE PULPIT ON THE QUESTION AT ISSUE.—In New York on Sunday last a Rev. Mr. Sloane preached a most violent sermon against the South and the institution of slavery, in which he declared that the hand of God was ley. The tract contains 641 acres of Land, 90 acres in the present disunion movement, and urged the North to come out boldly and show its hand. The church was densely crowded, and the Garrisonian sentiments of the preacher seemed to find favor with the audience.

Per contra, the Baptist Convention of the State of Alabama, on the 12th, in the most impressive manner adopted a document presented by Rev. B. Manly, D. D., and seconded by Rev. W. V. Chilton, which makes the following solemn declarations:

"From the administration of the Federal Government, as things are-especially with reference to our peculiar property recognized by the Constitution-we can no longer hope for justice, protection, or safety. We have supposed ourselves entitled to equality of rights, as citizens of this Republic. We are not willing to surrender them-even at the risk of life and all we hold most

And in this declaration we heartily, deliberately, unantmously, and solemnly UNITE."

The Southern Baptist says : " After the paper was read, a few remarks were made All of which I will sell for one-fourth cash, the balance on and prayer was offered, all rose from their knees and voted unanimously, members of the convention, the congregation, women as well as men.' Washington Constitution.

THE SAVANNA SOILS OF NEW HANOVER COUNTY .-No one has passed over the Wilmington Railroad without observing the beautiful level tract of country about w twenty miles north from Wilmington. No one has thoroughly tested this variety of soil for corn or cotton by cultivation. The owner of this tract left with me this summer a large quantity for analysis or examination. In color, it is nearly black, showing that it contains a considerable quantity of decomposed vegetable matter. Its peculiarity consists, in a great measure, in the firmness of the soil; and hence arises a compact state well calculated to retain water, a property which is also aided by the presence of organic matter. This place, situated within one mile of Wilmington, and immediately on the W. & Weldon R. Road. It is susble of high improvement, having a clay sub-soil, and d make a desirable place for the cultivation of Vegeta-for market.

Rev. GEORGE R. CROOKS, D. D.

Rev. JOHN McCLINTOCK, D. D.,

Rev. JOHN McCLINTOCK, D. D.,

I found it composed of very fine sand, Alumima with proxide of iron, 2.30 Organic matter. 6.80 Lime, 10 Magnesia, trace. 15.00 98.45

The essential elements of fertility do not appear to be wanting, and there is not that excess of sand which is frequently found so prominent a characteristic in the soils of the eastern counties. In taking this in hand, it should not be forgotten, that in order to lay the tract dry, a wide deep ditch will be required. It will not be sufficent to lay the surface dry, as the body of the soil is highly charged with water through the summer, though it may not stand upon the surface. The carbonate of lime was estimated, and it is probable that this body of land will require the addition of lime in a few years.

Raleigh, Nov. 14, 1860. P. S .- The Savanna land of Craven county, of which I have given an analysis in my report upon the Although "THE METHODIST" has met with almost unprecedented success, yet, in order to place it within the reach of every Methodist Family, we have been induced to offer a List of Premiums to any who been induced to offer a List of Premiums to any who have the clay beneath can be reached by the subsoil plow, it Swamp lands, contained 60 per cent. of carb. of lime. is highly probable that the upper or surface soil will be greatly improved.

More Volunteers. -It is very gratifying to learn that in the secession movement, inaugurated by South Carolina, we have the solid sympathy of the Soutaern States. From all quarters, the Governor is receiving tenders of volunteers by individuals, companies and regiments of rifle companies, sharp-shooters, cavalry and artillery, from Virginia, Mississippi, Georgia, Alabama and Tennessee. A French Zouave officer in Philadelphia, offers to raise a company or regiment of Zouave Chasseurs, and individual officers tender their services to raise all sorts of companies. The South is truly roused. South Carolinan.
